Talent Upgrade

You and your squad members have a list of talents representing each character's capabilities, strengths, and training. By spending Talent points on these, certain aspects of the character become stronger and eventually open up new attacks, buffs, proficiencies, and skills.

Talent Points

Use your Talent points to purchase higher ranks.

Press START to go to the Mission Computer, and then choose **Squad**. Use ◯ to select a talent, and then press Ⓐ to spend a Talent point to increase your rank by one.

Specialization

Specialization boosts class-specific talents. After completing an optional Systems Alliance Military assignment, choose a specialization for your character, increasing the maximum Talent points you can spend on class-specific talents.
